Councilman Costas Constantanides
Councilman Jimmy Van Bramer
Community Board 1

Resolution: From OANA Meeting dtd 6/9/2015

OANA, in order to control Parks issues such as Bicycle and Motorcycle Riding on Parks paths, littering, disposing of household garbage in Parks trash bins, illegal BBQ, and dog waste ask that PEP Officers be onsite in our parks at all times. The only viable way to control these issues is the issuance of summonses, so Park Patrons actually pay a price for illegal behavior.

If they are not available, we asked that Full Time On Site Parks Supervisors or other staff be allowed to issue summons.

The significant fines that will be collected should alleviate the extra cost incurred.

Richard Khuzami

President
